**THIS PAGE INTENTIONALLY BLANK**

**SCHOOL BASED PRE-KINDERGARTEN, KINDERGARTEN,  
COMBINATION PREK-K, K-1, K-2 GUIDELINES**

**I. PHILOSOPHY AND OBJECTIVES**

**6000 - 6051**

As a denomination, Seventh-day Adventists desire to see the early education of the child as a continual growth process. It is imperative that a balanced program be instituted to meet the needs of the child's physical, intellectual, spiritual, emotional, and social development from birth through the years of formal schooling. This concept is predicated upon principles such as those found in Proverbs 22:6, "Train up a child in the way he should go and when he is old he will not depart from it" and *Child Guidance*, p. 193, "Too much importance cannot be placed on the early training of children. The lessons that the child learns during the first seven years of life have more to do with forming his character than all he learns in the future years."

Ideally, the young child should be immersed in a rich experiential environment, free from formal schooling and in the primary care of his mother. Unfortunately, this ideal is no longer an option for many families. Increasing numbers of SDA mothers work away from home during their child's pre-school years. Societal changes have affected family size and structure. Broken homes, single parent and surrogate parent settings are occurring in growing numbers. The trend is toward urban rather than rural living. In addition, state and province requirements have necessitated the opening of SDA kindergartens. As a result kindergartens have been established throughout the North American Division. In consideration of these factors the educators in the North American Division recognize the need to share in the responsibility of providing the best care and learning environment possible for young children.

Historically, Seventh-day Adventists have been opposed to kindergartens and preschools. E. G. White statements such as "free as lambs," "the mother should be the child's only teacher," and "no school until 8 to 10," have long influenced this position regarding early childhood education. Today the principles behind these statements are recognized, and, closer scrutiny shows these additional perspectives:

1. The ages 8 to 10 were given in a setting where there was no church school.
2. Where parents work out of the home, the church is counseled to provide for the training of the young child.
3. Circumstances dictate other applications of the principles.

The North American Division office of education has made provisions for the development of a kindergarten curriculum in order to provide a Christian education for young children of the Seventh-day Adventist Church. The Southern Union office of education in conjunction with the local conference office of education has established standards for kindergarten facilities, equipment, curriculum and instruction. Kindergarten is a unit within the birth to grade 12 system operated by the conference office of education.

When the local conference office of education approves a pre-kindergarten and/or kindergarten to be established in a Seventh-day Adventist school, it becomes an integral part of the office of education. The program shall then be fostered, controlled and financed as a part of the elementary education program.

The program's goals should:

- A. Emphasize the concept of God as creator of man and nature
- B. Reflect an understanding of the principles of child growth and development
- C. Provide for achieving intellectual growth as shown by maturation of the child's thinking processes
- D. Develop the child's ability to socially interact in a positive manner
- E. Provide experience in dealing with feelings emphasizing enhancement of self-worth
- F. Increase the competency of body mastery and motor skills coordination

**A. Stand-Alone Pre-Kindergarten Program**

Pre-kindergarten Program: An educational environment designed to stimulate the growth and development of four-year-old children until they enter kindergarten. The program is designed to enhance the learning experiences of children with emphasis on spiritual, physical, social, and emotional growth prior to the kindergarten years. (A classroom with children who have not reached four years of age by August 15 of the year they are enrolled may not be classified as a **pre-kindergarten program and will need to acquire and maintain a state license to operate said program.**) (See SU Education Code Supplement A)

**B. Stand-Alone Kindergarten Program**

Kindergarten Program: A readiness program which is conducted in a formal school setting and designed to prepare children for the first grade. Length of a child's stay in the program depends upon his maturation level.

**C. Combination Pre-Kindergarten/Kindergarten Program**

Combination Pre-Kindergarten/Kindergarten Program: A combination Pre-Kindergarten/Kindergarten program includes four-year-old and five-year-old students in the same class. If policies or guidelines differ between the two grades, the strictest regulation must be complied with.

**D. Combination K-1/K-2 Programs**

K-1/K-2 Program: A primary grade classroom consisting of kindergarten and first grade, or kindergarten, first and second grades in an elementary school .

## III. ADMISSION / ENTRANCE REQUIREMENTS

6006

Prior to accepting any applicant the following proper documentation must be on file:

- A. AGE - Entrance age requirements must be followed. Any deviation from them must be approved by the local conference office of education. An original copy of the birth certificate must be presented before a child can be admitted to the program.
  1. Pre-kindergarten children must be at least four (4) years of age by August 15 of the year they are enrolled in pre-kindergarten.
  2. Kindergarten children must be at least five (5) years of age by August 15 of the year they are enrolled in kindergarten. (See SU Education Code 1801)
  3. Please refer to your local office of education for specific state entrance age requirements.
- B. IMMUNIZATIONS - A record of the child's immunizations per state requirements must be on file in the school office. (See state requirements.)
- C. PHYSICAL EXAM - A record of the child's current physical exam is required to be on file in the school office. (See state guidelines.)

## IV. ORGANIZATION AND STRUCTURE

6009

Authorization to operate a pre-kindergarten, kindergarten or combination pre-kindergarten-kindergarten, or K-1/K-2 classroom is granted by the local conference Board of Education upon approval of submitted application and based on the following criteria:

1. A demonstrated educational need.
2. Adequate/approved physical space and appropriate facilities, instructional materials, playground, and equipment.
3. Proof of ability to provide adequate funding and budget control.
4. A denominationally certified teacher with appropriate early childhood credentials.
5. Adequate and appropriate curricular materials.

6. A projected enrollment adequate for the financial and curricular needs of an effective educational program.
7. Teacher load in accordance with the policy of the Union Board of Education.
8. Specific policies regarding organization, administration, finance, curriculum, and personnel must be in agreement with the local conference and Union offices of education.
9. All applications to establish a new single grade or multi-level kindergarten (pre-kindergarten-kindergarten, K-1, K-2) classroom must be approved by the local conference office of education before a program can begin. Applications are due in the local conference office of education by March 1.
10. Any changes in the configuration of PreK/K or K-2 classroom must be approved by the local conference office of education.

If the type of program requested changes after the Application to Operate has been approved by the LCOE, the Change of Program Application must be submitted to and approved by the LCOE prior to the implementation of the change. Operation of a kindergarten, pre-kindergarten or combination pre-kindergarten-kindergarten, or K-1/K-2 may begin only after written approval is received from the local conference office of education. (A classroom with children who have not reached four years of age by August 15 **of the year they are enrolled may not be classified as a pre-kindergarten** program and will need to acquire and maintain a valid state license to operate said program. (See SU Education Code Supplement A.)

School-based programs for pre-kindergarten are considered part of the Southern Union Conference's Early Childhood Education (SUCECE) department. They are operated under the auspices of the local school board and will be supervised by the local conference E.C.E. liaison and the Southern Union's associate directors for elementary and early childhood education. (SUBOE Voted Action 00:28)

**Contact your local conference office of education** for pre-kindergarten guidelines and state laws regulating the state in which the pre-kindergarten is to be operated.

## V. ELECTRONIC SCHOOL REGISTER

6012

The electronic school register must be maintained for each pre-kindergarten and kindergarten classroom. Attendance records must be maintained on a daily basis. A hard copy of student and parent contact information must be retained in a confidential file for emergency purposes.

## VI. PERSONNEL

6015

Appointment of personnel can best be determined by the goals, objectives and design of the program. The number of children enrolled will determine the number of required staff (See local conference policies.)

### A. Staffing

All staff members should:

1. Be members of the Seventh-day Adventist church in good and regular standing
2. Display a commitment to the Seventh-day Adventist philosophy of education
3. Be approved by the local conference office of education **and receive a letter of employment or educational employment agreement.**
4. Manifest a genuine love and concern for children
5. Illustrate a working knowledge of child growth and development
6. Apply principles of learning
7. Demonstrate a willingness to grow professionally
8. Exhibit appropriate management skills
9. Develop positive interpersonal relationships with children, staff, and parents

10. Be free from past record of crimes involving intentional bodily harm, crimes against children, or crimes involving moral turpitude
11. Consent to a background check
12. Not engage in any behavior which may endanger the physical, emotional, or moral health of the children in their care
13. Submit character references with application

B. Educational Qualifications

1. Pre-Kindergarten Stand-alone:  
Teacher should hold a degree in either child development, early childhood, or elementary education with a kindergarten endorsement or have specific training from a state-approved early childhood development program. If further clarification is needed, contact the Local Conference Office of Education.
2. Kindergarten:  
Teacher must meet certification requirements as outlined by the North American Division of Education. Contact the Local Office of Education for certification requirements.
3. Combination Classrooms such as Pre-Kindergarten-Kindergarten, K-1, or K-2:  
Teacher must meet certification requirements as outlined by the North American Division of Education. Contact the Local Office of Education for certification requirements.

C. Teaching Load

1. Pre-Kindergarten Stand-alone:  
Enrollment in pre-kindergarten stand-alone four-year-old program must be limited to 12 students. *A maximum number of 18 students is allowed if a full-time teacher's assistant is provided. Any variations or exceptions must be approved by the local conference.*
2. Kindergarten:  
There should be at least one teacher for up to 16 students in a single grade kindergarten classroom. A full-time teacher assistant will be required for 17-22 students.
3. Combination PreK/Kindergarten:  
Enrollment in a pre-kindergarten/kindergarten class must be limited to 12 students. *A maximum number of 18 students is allowed if a full-time teacher's assistant is Provided. Any variations or exceptions must be approved by the local conference.*
4. Combination K-1, K-2:  
It may be possible, upon approved application, to operate a multi-level kindergarten in a two or more teacher school. Grades may be divided as follows:
  - a) pre-kindergarten and kindergarten,
  - b) kindergarten and first grade, or
  - c) kindergarten, first, and second grades.

Enrollment in any of the above combinations must be limited to 12 students with any deviation being approved by the local conference office of education. A maximum number of 18 students is allowed if a full-time paraprofessional is provided.

The grade load and student load numbers outlined above are considered the minimum requirements necessary for quality instruction and learning to occur.

The actual number of students in a given classroom can vary, depending on students' needs. This decision should be made in consultation between the principal/teacher and the local conference office of education.

**D. Staff Development**

Each pre-kindergarten and kindergarten teacher is expected to participate in regular in-service training. The hours of in-service and/or professional growth are determined upon the level of responsibility. The employing organization will be responsible for providing reasonable release time to fulfill the professional growth requirements.

**VII. DISCIPLINE**

**6018**

**A. Goals**

The child's self-esteem should be affirmed and protected. The goal of classroom management and discipline should be to lead the child toward self-control. A classroom management plan should be posted and communicated to the children and parents.

**B. Measures to Avoid**

1. Denial of food
2. Forced napping
3. Punishment for toilet accidents
4. Subjection to derogatory remarks about themselves or their families, abusive or profane language, yelling, screaming, or threats
5. Physical punishment

**VIII. FACILITIES**

**6021**

Consult your state licensing agency and local conference office of education for specific requirements in reference to:

1. Space for children - indoor and outdoor
2. Bathroom facilities
3. Sanitary regulations
4. Drinking water facilities
5. Lighting
6. Ventilation
7. Food service area
8. Storage space
9. Office space
10. Passage ways
11. Fire codes
12. Natural disaster regulations
13. Isolation area for illness
14. Phone system and emergency numbers
15. Vehicles
16. Computer security and acceptable use policy

**A. INDOOR**

1. The building should be in good repair, painted and attractive.
2. Thirty-five square feet of usable floor space per child is needed exclusive of halls, cloakrooms, toilets, and kitchen. (The National Association for the Education of Young Children, NAEYC, suggests 420 sq. ft. for 12 students, 595 sq. ft. for 17 students, and 875 sq. ft. for 25 students, based on 35 sq. ft. per student)
3. The rooms should be on the first floor with at least two widely separated exits.

4. The activity rooms where the children "live" while at the school should be used exclusively for the children. They should not be used as storage rooms or part-time classrooms for older children.
5. Light colored, sunny rooms provide a more cheerful environment for little children.
6. The floor should be carpeted. One section should be tile or linoleum to provide easy clean up after painting, etc.
7. Heating and air-conditioning should be adequate. The floor temperature should be 68 to 70 degrees. All stoves and radiators must be protected to meet local safety standards.
8. The local fire and health departments should be contacted to do a safety inspection and to identify any hazard areas. Emergency telephone numbers and emergency procedures should be posted.
9. Accessible drinking fountains within the classroom should be provided.
10. High porches or stairways should be guarded with proper railings.
11. There should be one toilet and one sink in the classroom.
12. All rooms should be well lighted.
13. Adequate storage space for each student to place lunch, coat, play shoes, etc. should be provided.
14. Adequate storage areas for teacher's instructional materials, supplies and equipment should be provided.
15. Provisions should be made to maintain the classrooms, halls, rest rooms, service rooms, and grounds, in a clean, orderly, and attractive condition at all times.
16. Provisions should be made for an isolation area for ill students.

**B. OUTDOOR**

1. The playground should be large enough for a variety of play and learning activities.
2. The playground should contain a minimum of 75 square feet per pupil, free from hazards, well drained, fairly level, with sunny and shady spots. Vehicle traffic flow for children's safety when entering and exiting building should be established.
3. The playground must be enclosed with a sturdy four-foot fence.
4. A hard surfaced area for riding toys would be desirable.
5. The surface under play equipment must meet safety standards; the ground should be cushioned with 9-12 inches of absorbent material at all times.

**C. OUTDOOR EQUIPMENT**

1. Sandbox with cover and large enough for several children
2. Sand toys (buckets, shovels, sieves, trucks, derricks, etc.)
3. Swings suitable for young children
4. Climbing equipment (jungle gym, climbing ladder, large circular tiles, slides, boxes, steps, platform.)
5. Riding toys (wagons, tricycles, wheelbarrows, scooters, baby carriages, engines, cars, etc.)

**IX. CURRICULUM GOALS AND RATIONALE**

**6024**

The learning environment for young children should provide a wide variety of developmentally appropriate activities. The curriculum must address the natural curiosity of the child and be stimulated by teacher-led instruction, active play, music, art, and child-centered exploration.

The curriculum will be in harmony with the philosophy of the Seventh-day Adventist educational system, as outlined in Southern Union Education Code and local conference educational policies, so that each child will grow physically, socially, emotionally, mentally, and spiritually.

The Southern Union adopted curriculum provides competencies. Skills should be developed which will enable children to lead personally satisfying lives demonstrated through caring relationships with both children and adults.

A. Implementing Curriculum

When implementing curriculum for the early childhood program, include the following:

1. Experiences for children that are developmentally appropriate
2. Long-range goals and objectives that reflect the early childhood philosophy
3. Realistic curriculum goals for children based on the assessment of individual needs and interests accomplished through one or more of the following methods:
  - a. Observation
  - b. Anecdotal records
  - c. Progress checklists
  - d. Compilation of children's work

B. Recommended Daily Program

The daily schedule should be planned and posted to provide a balance of the following activities:

1. Indoor/outdoor
2. Quiet/active
3. Individual/small group/large group
4. Large muscle/small muscle
5. Child initiated/teacher initiated

Developmentally appropriate materials and equipment which project heterogeneous racial, sexual, and age attributes must be selected and used. Stereotyping of any group should be avoided.

A variety of developmentally appropriate activities and materials should be selected to emphasize concrete experiential learning in order to achieve the following goals; long range and daily activity plans should reflect commitment to these goals:

1. Develop spiritually
2. Foster positive self-concepts
3. Develop social skills, including respect for cultural diversity of staff and children
4. Encourage thinking, reasoning, questioning, experimenting, and making choices
5. Encourage the development of language skills including listening, speaking, reading, writing and experiencing.
6. Enhance physical development and skill through appropriate play activities
7. Encourage and demonstrate sound health, safety, and nutritional practices
8. Encourage creative expression and appreciation for the arts
9. Develop self-help and practical life experiences

Workbooks and blackline masters are not preferred practice.

The teacher should provide materials and time for children to select their own activities during the day. This criterion addresses the need for young children to develop initiative and decision-making skills by making real choices. In addition, children should be taught to participate in routine tasks and follow a daily schedule to foster self-discipline.

Parents and teachers should work together to assure that these skills are developed in a positive manner. The daily schedule must include:

1. Centers
  - a. Blocks
  - b. Housekeeping and dress-up
  - c. Manipulatives such as puzzles, sewing cards, etc.
  - d. Media with books, magazines, educational software on computers
  - e. Art activities including cutting, pasting, clay/play dough, painting, and color-chalk drawing

- f. Sand and water
- g. Woodworking / Construction
- h. Listening center for stories, music, poetry
- 2. Outdoor experiences
  - a. Large muscle development (balance beams, climbing and crawling apparatus, slides, etc.)
  - b. Outside play equipment (wheel toys, sand box, hoola-hoops, etc.)
  - c. Balls and jump ropes
- 3. Experiential Learning Activities
  - a. Reading readiness
  - b. Math
  - c. Bible/Worship
  - d. Science and nature
  - e. Social studies
  - f. Arts and crafts
  - g. Music and rhythm
  - h. Listening and speaking
  - i. Drama and role playing
  - j. Writing
  - k. Research and discovery
  - l. Cooking
  - m. Gardening
- 4. Physical Care Routines
  - a. Meals
  - b. Water and restroom breaks
  - c. Hand washing
  - d. Rest periods
- 5. Quiet-Time Activities
- 6. Appropriate Field Trips

C. Recommended Assessment Methods

Early childhood practitioners assess young children’s learning and development to monitor growth and report to families and administrators how the children are progressing. The Southern Union assessment system and parent reporting process shall be followed. Any other instruments must adhere to the Southern Union philosophy and guidelines as outlined in the *Pre-K Assessment Tool Kit*.

**SAMPLE PRE-KINDERGARTEN SCHEDULE****6027**

8:30 - 9:30	Worship / Circle Time / Restroom & Water break
9:30 - 10:15	Experiential Learning Activities
10:15 - 10:45	Outdoor Activities
10:45 - 11:15	Art/Music/Centers
11:15 - 11:30	Preparation for Lunch
11:30 - 12:00	Lunch
12:00 - 12:30	Outside - Free Play
12:30 - 1:00	Restroom & Water and Story time
1:00 - 2:30	Rest time
2:30 - 2:45	Restroom and Water
2:45 - 3:05	Outdoor Activities or Centers
3:05 - 3:15	Clean-up & Dismissal

**SAMPLE KINDERGARTEN SCHEDULE****6030**

8:30 - 9:15	Worship (Songs, Bible story, Prayer, Circle Time (Calendar Activities, Pledge of Allegiance, Science/Health/Social Studies Theme
9:15 - 10:00	Language Arts, Reading Readiness
10:00 - 10:20	Learning Centers
10:20 - 10:45	Recess
10:45 - 11:15	Experiential Activities (Math, Science, Research & Discovery)
11:15 - 11:35	Learning Centers
11:35 - 12:00 Noon	Lunch
12:00 - 12:30	Recess
12:30 - 1:00	Rest Time and Story
1:00 - 1:30	Writing, Language Arts
1:30 - 2:20	Learning Centers
2:20 - 2:45	Centers for Creative Play (B locks, Housekeeping, etc.)
2:45 - 3:05	Outdoor Recess
3:05 - 3:15	Clean-up and Dismissal

Experiences for young children should include the following components:

A. Cognitive Skills:

1. Problem solving
2. Thinking
3. Reasoning
4. Creating
5. Communicating
6. Classifying
7. Sequencing

B. Awareness and Acceptance

1. Cultural
2. Physical
3. Educational

C. Self-Development

1. Positive self-concept and attitude
2. Natural curiosity
3. Creative potential
4. Psycho-motor coordination
5. Sensory awareness
6. Social graces
7. Value system
8. Responsibility

D. Curriculum Goals

1. Spiritual

A primary emphasis of the early childhood curriculum offered in the Seventh-day Adventist schools should be character development. Each day should begin with worship. It can include Bible stories, character building stories, spiritual lessons from nature, music, movement, and other age-appropriate activities. A loving Christian atmosphere should permeate the activities of each day.

2. Play

For young children, play is the child's work. It strengthens visual and auditory discrimination, gross and fine motor development, readiness and growth. Children should be provided with ample time for play and development.

3. Language Arts

Language arts includes listening, speaking, vocabulary development and shared reading and writing. These skills should be developed through the use of picture/storybooks, magazines and other print-rich materials, dramatization, discussion, role playing, field trip activities, personal experiences/stories, finger plays, poetry, listening stations, puppetry, games, pantomiming, interpreting pictures and play.

4. Music

Planned and spontaneous musical experiences should be an integral part of the curriculum. Children need to be provided opportunities for developing through various musical experiences that include listening to and participating in instrumental and rhythmic activities and singing.

5. Art  
The art program should be focused on creative expression through art media. Activities and experience with various types of paints, graphic design tools, chalk, glue-able items for dimensional creations, etc. need to be provided often.
6. Mathematics  
Mathematics is a natural part of daily life and practice of skills should be integrated throughout the day rather than taught in isolation. Manipulative activities should be provided to help children develop concepts.
7. Social Studies  
Social studies should be taught informally through activities relating to self, family, friends, communities, holidays, patriotism, field trips, and daily experiences in the classroom.
8. Science  
Science concepts need to be developed through observation, exploration, manipulation, and comparison. A variety of experiences involving plants, animals, and the physical sciences should be provided.
9. Health and Safety  
Concepts relating to health and safety should be developed through planned routines carried out on a daily basis.  
The goals of health education for young children include the following:
  - a. Safety — classroom, playground, fire, traffic, and strangers/others
  - b. Personal health — cleanliness, dental care, and orderliness
  - c. Nutrition — nutrients, eating habits, and body growth
  - d. Mental health and self-concept — respect, emotions, expression of feelings, and ability to participate
  - e. Cooking — appropriate/ adequate amounts of food, tasting, and cultural practices
  - f. Physical education – development of age appropriate gross motor movement, coordination, and team participation skills

## **XI. INSTRUCTIONAL MATERIALS AND SUPPLIES**

**6036**

It is important when planning for and selecting materials and equipment that consideration be given to the number of children and their developmental level.

- A. Selection of Equipment and Materials Guidelines:
  1. Cost factor
  2. Number of children the item will accommodate
  3. Durability
  4. Care and upkeep
  5. Creative utilization
  6. Safety
  7. Storage
  8. Variety of uses
- B. Recommendation of Instructional Aids:
  1. Picture/Story books and periodicals (12 books per child minimum count)
  2. Math manipulatives and educational games (Unifix blocks, Memory, TicTacToe, etc.)
  3. Science equipment (magnifying glass, butterfly nets, binoculars, bug boxes, magnets, etc.)

4. Art materials (papers of various textures and sizes, brushes, various paints and glues, etc.)
5. Housekeeping props (dishes, dolls, phone, broom, plastic & cardboard food, etc.)
6. Writing materials (pencils, crayons, and markers)
7. CD's and cassettes
8. Videos / DVDs
9. Blocks of varying sizes and types
10. Drama/dress-up supplies (clothing, purses, briefcase, cell phones, etc.)

C. Recommendation of Class Equipment

1. Tables – 18 and 20 inches high and chairs of varying sizes – 10, 12, and 14 inches high.
2. Sleeping pads or cots
3. Storage cabinets
4. Bulletin boards
5. Chalk & White boards, wall-mounted
6. Furniture for play house area
7. CD and cassette player and select educational audio media
8. TV/VCR or DVD Player and select educational visual media
9. Musical and rhythm instruments
10. Art Easels
11. Playground equipment (Various sizes and types of balls, jump ropes, wheeled toys such as cars,
12. First aid kit trucks, baby buggies, and wagons)

D. Additional Recommendations for Classroom Equipment

1. Construction equipment (workbenches with vises, sawhorses, hammers, screwdrivers, rulers, tool benches, pegs and pegboards)
2. Construction material (planks, odds and ends of boards, nails, screws, etc.)
3. Building sets (Lincoln Logs, Legos, etc.)
4. Stuffed animals
5. Housekeeping equipment (refrigerator, sinks, table, cradle, etc.)
6. Play house, school, bus (Fisher Price)
7. Garden tools (child size)
8. Art materials (stencils, glitter, yarn, rubber stamps and ink pads, etc.)
9. Water-sand table
10. Manipulative games and toys (puppets, large beads and laces, puzzles, etc.)
11. Terrarium and aquarium
12. Classroom pet (e.g. hamster, bird, with cage and supplies)
13. Scatter rugs (to sit on during circle time)
14. Piano/Keyboard

## **XII. PARENTAL INVOLVEMENT AND PARENT EDUCATION**

**6039**

Parents and teacher must communicate frequently and work closely to assist the child in making positive developmental progress. The degree of parent involvement will vary from program to program according to the availability of parents and program needs. The teacher should build a strong relationship with parents.

A. Administration and Teachers' Responsibilities to Parents

1. Develop a warm and meaningful relationship with parents
2. Accept parental differences.
3. Provide orientation for parents at the beginning of the year

4. Maintain on-going communication through newsletters, notes, visits, phone calls, Home and School Meetings, etc.
  5. Have formal parent/teacher conferences two or three times each year.
- B. Advantages of Parent Involvement
1. Provides an additional resource for teachers.
  2. Increases a child's sense of family pride.
  3. Gives parents the satisfaction of making a contribution to their children's education.
  4. Promotes positive rapport between parents and teachers.
  5. Presents an opportunity for parent education.
  6. Gives the school and teacher an opportunity to become a support system for the family.
- C. Opportunity for Parent Involvement
1. Volunteering as room parents
  2. Assisting with Grounds/ maintenance
  3. Helping with the preparation of educational materials
  4. Chauffeuring on field trips
  5. Coordinating fund raising activities
  6. Working as a classroom assistant

### **XIII. RESOURCES**

**6042**

- A. State regulations and guidelines
- B. Local conference policies
- C. Media resources
- D. Human resources

**APPLICATION TO OPERATE**

**BOARD ACTIONS**

E. RECORD OF ACTIONS AS VOTED BY:

1. Local School Committee/Board

Date of Action \_\_\_\_\_

Type of Program requested:

- \_\_\_\_ Pre-Kindergarten
- \_\_\_\_ Pre-Kindergarten/Kindergarten
- \_\_\_\_ Kindergarten
- \_\_\_\_ K-1 Multigrade
- \_\_\_\_ K-2 Multigrade

Voted Action \_\_\_\_\_

\_\_\_\_\_

\_\_\_\_\_  
(Board Chairman or Principal)

2. Local Office of Education/Conference Board of Education

Date of Action \_\_\_\_\_

Voted Action: \_\_\_\_\_

\_\_\_\_\_

\_\_\_\_\_  
(Superintendent of Education)

Admission/Entrance Requirements (See SU Education Code 6006)

AGE - Entrance age requirements must be followed. An original birth certificate must be presented before a child can be admitted to the program. Any deviation from this must be approved by the local conference office of education.

1. Pre-kindergarten children must be at least 4 years of age by August 15<sup>th</sup> of the year they are enrolled in pre-kindergarten.
2. Kindergarten children must be at least 5 years of age by August 15<sup>th</sup> of the year they are enrolled in kindergarten. (See SU Education Code 1800)

Some states do not allow any four-year-old students to attend school. Check with your local conference office of education before making application.

**APPLICATION DUE IN LOCAL CONFERENCE OFFICE OF EDUCATION BY MARCH 1**

Please check the following items with which you comply.

#### FACILITIES INDOOR

- \_\_\_\_\_ Building is well maintained inside and out, freshly painted and attractive.
- \_\_\_\_\_ Thirty-five square feet of usable floor space per child is allocated, exclusive of halls, cloakrooms, toilets, and kitchen. (The National Association for the Education of Young Children, NAEYC, suggests 420 square feet for 12 students, 595 square feet for 17 students, and 875 square feet for 25 students based on 35 square feet per student.)
- \_\_\_\_\_ Classrooms are on the first floor with at least two widely separated exits.
- \_\_\_\_\_ Classrooms, or parts thereof, are not used for storage or play areas by older children.
- \_\_\_\_\_ Carpets and floors are cleaned and well maintained.
- \_\_\_\_\_ A tiled area is provided.
- \_\_\_\_\_ Heat and air-conditioning are adequate with comfortable floor temperatures. All stoves and radiators are protected to meet local safety standards.
- \_\_\_\_\_ High porches or stairways are guarded with proper railings.
- \_\_\_\_\_ Toilet, lavatory and drinking fountain are provided in each classroom.
- \_\_\_\_\_ All rooms are well lighted and have sufficient natural light exposure.
- \_\_\_\_\_ Personal storage space for each student is provided.
- \_\_\_\_\_ Adequate cabinets and/or closet are provided for teacher's instructional materials, supplies and equipment.
- \_\_\_\_\_ Maintenance service that ensures the entire facility is kept clean, well-organized and attractive is provided.
- \_\_\_\_\_ Provision is made for isolating and supervising ill students.

#### FACILITIES OUTDOOR

- \_\_\_\_\_ Playground area contains a minimum of 75 square feet per student.
- \_\_\_\_\_ Playground is well drained, free from hazards, and allows for sun and shade.
- \_\_\_\_\_ Vehicle traffic flow provides for children's safety when entering and exiting building.
- \_\_\_\_\_ Play area is enclosed with a sturdy four-foot fence with gates.

#### EQUIPMENT

- \_\_\_\_\_ Guidelines for appropriate equipment, as outlined in Southern Union Education Code have been followed.

Please list on the reverse side of this page any equipment or materials, as outlined in the above policies, you **do not** anticipate having on hand at opening. Also, please provide an explanation why these will not be made available.

**CHANGE OF PROGRAM APPLICATION  
FOR GRADES INVOLVING PRE-KINDERGARTEN AND KINDERGARTEN**

**If the type of program requested changes after the Application to Operate has been approved by the LCOE, the Change of Program Application must be submitted to and approved by the LCOE prior to the implementation of the change. Code #6009**

Name of School \_\_\_\_\_ Date \_\_\_\_\_
