Recently updated to provide an even more engaging teaching and learning experience, *ImageQuest*™ brings classroom activities to life with nearly 3 million rights-cleared images from the world's leading collections. The Bridgeman Art Gallery, Dorling Kindersley Images, Getty Images, the National Portrait Gallery of London, the National Geographic Society, and other top names have joined with Britannica to provide the best and broadest collection of proprietary educational imagery. Free of advertising and from trustworthy sources, *ImageQuest* provides safe and fast access to the highest quality images on all topics and for all ages.

### NEW! USE THE IMPROVED DESIGN FOR QUICK AND EASY VIEWING OF RIGHTS-CLEARED IMAGES

Now with a more visual, more intuitive, and more flexible design, *ImageQuest* delivers millions of educationally-relevant images that are perfect for lesson plans and activities, student reports and projects, or school Web sites and flyers.

### NEW! EASILY INTEGRATE INTO K-12 CLASSROOMS

Make creative use of *ImageQuest* for language arts, math, science, and social studies curricula. **Sample projects** show teachers how to incorporate *ImageQuest* into a variety of subjects and across age groups.

## UPDATED! SAVE, SHARE, AND ORGANIZE IMAGES

Download, print, or e-mail images with ease. Store items in “My Images,” organize them in “Albums,” and come back later to access them.

Project ideas offer content for every subject with infinite possibilities to enhance learning.

## SAVE TIME

ImageQuest provides a unique collection from trustworthy sources. With images of every topic in one convenient site, you don't have to spend time combing through multiple Web sites looking for reliable images.

## BE CONFIDENT IN THE IMAGES YOU USE

Each photo or illustration comes with complete metadata, including the source, the copyright holder, caption, and keywords. Because Britannica has done the work of finding the best photos—most of which are not freely available on the Web—you can trust the source and be certain that you're using an accurate photo.
