Early Childhood Workshops – Will be held at the Florida Conference Office

Reggio, STEM, Project, Oh My!: Reggio Inspired Approach, STEM Education, Project Based Learning are all approaches that are based on the belief that children are *strong, capable* and *resilient*. Children are naturally curious and this innate curiosity drives their interest to understand their world and their place within it. This workshop will help you to integrate these principles into your curriculum and set up an environment that supports 21st century learning.

Date: June 3

6 professional development hours

Conscious Discipline in the Early Childhood Classroom: What if your “Discipline policy” was to structure your classroom in such a way that you would not have to have one? Don’t believe me? Join us for this one day workshop where proven strategies will be outlined for a peaceful and well managed classroom. Resources from experts like Dr. Becky Bailey will be shared.

Date: June 4

6 professional development hours

FLCOE registration is open - <https://goo.gl/forms/4TNN4NunE0xD9Noi1>
