

# Writing Workshop Assessment K-2

## Simile & Metaphor

Date the skills as they are observed during Author's Chair and in student writing samples.

Date: \_\_\_\_\_

| Grade | Name | Skill         |  |  |                                   | WRITING SAMPLE | Compares two different things | Includes the words: "like – as" | Writing is focused on a specific topic | Simile creates a vivid word picture | Word Choice: Rich descriptive words |
|-------|------|---------------|--|--|-----------------------------------|----------------|-------------------------------|---------------------------------|--|-------------------------------------|-------------------------------------|
|       |      | AUTHORS CHAIR | "I like" statements are specific & not too general in nature | "I wonder" statements are specific & not too general in nature | Eyes on & listening to the Author |                |                               |                                 |  |                                     |                                     |
|       |      |               |  |  |                                   |                |                               |                                 |  |                                     |                                     |
|       |      |               |  |  |                                   |                |                               |                                 |  |                                     |                                     |
|       |      |               |  |  |                                   |                |                               |                                 |  |                                     |                                     |
|       |      |               |  |  |                                   |                |                               |                                 |  |                                     |                                     |
|       |      |               |  |  |                                   |                |                               |                                 |  |                                     |                                     |
|       |      |               |  |  |                                   |                |                               |                                 |  |                                     |                                     |
|       |      |               |  |  |                                   |                |                               |                                 |  |                                     |                                     |
|       |      |               |  |  |                                   |                |                               |                                 |  |                                     |                                     |
|       |      |               |  |  |                                   |                |                               |                                 |  |                                     |                                     |
|       |      |               |  |  |                                   |                |                               |                                 |  |                                     |                                     |
|       |      |               |  |  |                                   |                |                               |                                 |  |                                     |                                     |
|       |      |               |  |  |                                   |                |                               |                                 |  |                                     |                                     |
|       |      |               |  |  |                                   |                |                               |                                 |  |                                     |                                     |
|       |      |               |  |  |                                   |                |                               |                                 |  |                                     |                                     |
|       |      |               |  |  |                                   |                |                               |                                 |  |                                     |                                     |
|       |      |               |  |  |                                   |                |                               |                                 |  |                                     |                                     |
