

Dear Family,

Spring is the perfect time to teach children about the benefits and beauty of nature. We are beginning a new unit entitled, "Moving On." In this unit, students will learn to appreciate God's character as seen through nature, progress, and fulfillment.

We will read the following books throughout the unit:

- *Papa and the Pioneer Quilt*
- *A Day on the Prairie*
- *Iron Horses*
- *Arbor Day Square*

During this unit we will be experiencing acts of selflessness, beauty, perseverance, and service as we learn to reflect God's character more and more each day.

At the end of the unit, we will take all that we have learned and plan an Arbor Day Celebration. We will need your help to ensure our celebratory event is a success.

If your family is willing to volunteer for the Arbor Day Celebration, please let your child's teacher know as soon as possible. We will need all the help we can get!

May God continue to bless us as we Honor His creative power.

Your child's teacher,
