

Name: _____ Date: _____

How Seeds Grow

Scientific Inquiry

Question: What will happen if a seed has no water or sunlight three weeks?

Hypothesis: Write what you think is the answer to the question above.

Data: Draw pictures of the seeds each week.

Seed <u>WITH</u> sunlight and water	Week 1	Week 2	Week 3
Seed <u>WITHOUT</u> sunlight and water	Week 1	Week 2	Week 3

Conclusion: Write the correct answer to the question above.
Was your hypothesis correct?
