

Ultra Online Package™

Help high school students and educators achieve success with EBSCO's *Ultra Online Package*, a superior collection of full-text reference resources.

Available via EBSCOhost® or *Explora™*, EBSCO's engaging and easy-to-use school interface, these six databases are designed to support student research and classroom instruction.

Ultra Online Package includes the following databases:

For Students

MAS Ultra™: School Edition

Gain access to complete articles from hundreds of popular high school magazines covering a wide-range of subject areas such as history, science, careers and more. Students will also find thousands of biographies and primary source documents, as well as more than 1.8 million photos, maps, flags and color PDFs.

Newspaper Source™

Ideal for social studies, business, and government classes, the resource provides cover-to-cover full text for more than 60 national (U.S.) and international newspapers as well as full text for more than 300 regional (U.S.) newspapers. In addition, complete television and radio news transcripts are provided by CBS News, CNN, CNN International, Fox News and NPR.

Health Source®: Consumer Edition

This collection of consumer health information contains nearly 80 full-text consumer health magazines and 110 full-text reference books. Topics covered include fitness, nutrition, diabetes, alcoholism and more.

TOPICsearch™

Teachers, librarians and student researchers can use this database to explore current events; social, political and economic issues; scientific discoveries; and other popular topics frequently discussed in the classroom. *TOPICsearch* contains more than 100,000 complete articles from diverse content sources.

For Educators

Professional Development Collection™

This highly specialized collection is designed for professional educators, professional librarians and education researchers. It includes indexing and abstracts for nearly 750 journals, more than 460 full-text journals and more than 230 educational reports.

ERIC®

The Education Resource Information Center (ERIC) provides access to educational literature and resources. The database contains more than 1.6 million records, links to hundreds of thousands of full-text documents, and includes an education-specific thesaurus.
