

K-2 BRIDGE – Second grade *Pathways*

Multi-Grade Units

Acknowledgements

The **K-2 BRIDGE – Second Grade Pathways** is the final phase of a three-part multi-grade instructional project. The first phase was developed to serve as a bridge to *Kindergarten Stepping Stones*.

We extend our deepest gratitude to the dedicated educators who envisioned and created the original K-2 BRIDGE. We are thankful for their insight, intellect, and unwavering commitment to both children and the educators who guide them. Their tireless work and dedication to building something meaningful will not be forgotten.

With heartfelt thanks to:

Carol Campbell, Debra Fryson, Patti Revolinski, Diane Ruff, Angenette Hill, Mayra Rodriguez, Michelle Adams, Ingrid Enniss, Kim Thompson, Tara Bailey, Sherril Davis, Klossmeryl François, Shanel Marchany, Miki Nelson, Kennedy Nestares, Renee Otts, Kristianne Roberts, Debbie Schonert, Carol Serna, and April Zimmerman.

Inspired by the hope and foundation laid by these pioneers, a small group came together to complete the last phase of the project: **BRIDGE – Second Grade Pathways**. Though few in number, these educators were mighty in their faith, love, and compassion for each other and for the work. What began as a shared desire to create something purposeful grew into a lasting bond.

Whether involved for a part or the whole of the project, these educators became — and remain sisters and friends.
